Trip Planning, Getaways & Milestone Celebrations

I plan meaningful trips and personal milestone moments — think a getaway with one or more stops, or a milestone birthday/anniversary celebration. I don't take on weddings or large-scale events.

Service	Price	What's Included	Session Length
1 Stay	\$500	Custom day-by-day itinerary for a trip built around a single home base — destination guidance, lodging and activity recommendations, restaurant picks, and a planning call. Flat fee, confirmed upfront.	Up to 7 days
2 Stays	\$750	Itinerary spanning two home bases — transit between destinations, lodging and activity coordination at each stop, restaurant picks, and a planning call. Flat fee, confirmed upfront.	Typically 8–10 days
3 Stays	\$1,000	Itinerary spanning three home bases — full transit and logistics coordination, lodging and activities at every stop, restaurant picks, and a planning call. Flat fee, confirmed upfront.	Typically 11–14 days
4+ Stays	\$1,250+	Complex multi-stop itineraries across four or more home bases, or especially long trips — full transit and logistics coordination, lodging and activities at every stop, restaurant picks, and a planning call. Flat fee, confirmed upfront based on scope.	Typically 15+ days
Milestone Celebrations	\$500	Planning support for a milestone birthday, anniversary, or personal celebration — venue/vendor recommendations, timeline, and coordination guidance. Flat fee, confirmed upfront.	Flat fee

Every trip is a little different — if yours doesn't fit neatly into a tier (a short trip with a lot of moving pieces, a longer trip spent in one place, etc.), just ask. I'm happy to scope it together and find a fair price.
